

## Statement of Institutional and Legal Link between the Directorate-General of Health and the Portuguese Society of Health Literacy

To whom it may concern,

This letter is intended to formally describe and confirm the institutional and collaborative link between the Directorate-General of Health (Direção-Geral da Saúde – DGS), Portugal, and the Portuguese Society of Health Literacy (Sociedade Portuguesa de Literacia em Saúde – SPLS), for the purposes of capital or legal entity linkage within a European Horizon project.

The collaboration between the Directorate-General of Health and the Portuguese Society of Health Literacy has been established and consolidated over several years. This collaboration has been marked by sustained joint work in the field of health literacy, and health promotion in several initiatives as advisory and consultancy, technical and scientific collaboration or ongoing participation in working meetings, technical discussions, and strategic consultations.

This statement is provided for official and administrative purposes within the scope of European Horizon projects and may be included in the relevant country documentation folder as required.

Yours sincerely,

Rita Sá Machado

Director General of Health
